DOD Peacetime and Contingency (VISA) Sealift Requirements

a. The Secretary of Defense has approved the Voluntary Intermodal Sealift Agreement (VISA) as a sealift readiness program for the purpose of Section 909 of the Merchant Marine Act of 1936, as amended (46 App. U.S.C. 1248)

b. The objective of VISA is to provide DOD a coordinated, seamless transition from peacetime to wartime for the acquisition of commercial sealift and intermodal capability to augment DOD's organic sealift capabilities.

c. VISA is designed to create close working relationships between the Maritime Administration (MARAD), U.S. Transportation Command, and participants through which contingency needs and the needs of the civil economy can be met by cooperative action. During contingencies, participants are afforded maximum flexibility to adjust commercial operations by Transportation Service Provider Coordination Agreements (CCA), in accordance with applicable law.

d. Transportation Service Providers filing rates in response to this solicitation must comply with the Voluntary Intermodal Sealift Agreement (VISA) priorities listed below for the ocean portion of the overall movement. For the purpose of this item, to allow VISA participants the first opportunity to directly meet DOD requirements, the underlying ocean bill of lading must be issued by a VISA participant to qualify for priorities (1), (3), and (5).

(1) U.S.-flag vessel capacity operated by a participant and U.S.-Flag Vessel Sharing Agreement (VSA) capacity of a participant.

(2) U.S.-flag vessel capacity operated by a non-participant.

(3) Combination U.S./foreign flag vessel capacity operated by a participant and combination U.S./foreign flag VSA capacity of a participant.

(4) Combination U.S./foreign flag vessel capacity operated by a non-participant.

(5) U.S.-owned or operated foreign flag vessel capacity and VSA capacity of a participant.

(6) U.S.-owned or operated foreign flag vessel capacity and VSA capacity of a non-participant.

(7) Foreign-owned or operated foreign flag vessel capacity of a non-participant.

Item 107

Acceptance of Rates - Option to Extend or Modify

a. SDDC reserves the right to reject any or all offers; to waive informalities and minor irregularities in offers received; to negotiate, accept, or reject initial or subsequent submissions without discussion of rates; to nonuse or cancel any rate upon 15 days notice; **extend the time period by which the rates are effective** or resolicit rates. Additionally, SDDC reserves the right, on 15 days notice, to:

(1) **extend the effective period of rates at increments to be determined by SDDC (SDDC may extend the effective period of rates as it determines to be appropriate at SDDC's sole discretion);**

(2) change the type of rates being solicited;

(3) resolicit rates as the result of Government or Transportation Service Provider actions;

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-15

(4) take any appropriate actions to protect the Government's interests in response to delaying court injunctions, data processing failures, strikes, embargoes; and other policy or economic situations **including but not limited to implementation of the Family's First Program;**

b. Initial rate submissions should be based on the most favorable terms to the Government from a price and service standpoint.

c. It is SDDC's sole intent to solicit responsible rates prepared in accordance with sound business decisions. Rates which would jeopardize financial viability of a Transportation Service Provider are not desired.

d. Individual rates should be constructed to stand alone without regard to rates for other channels. Transportation Service Providers are encouraged to file rates only between those areas where they desire to serve.

e. Filing administrative rates during the initial filing (I/F) period, with no intention to me-too (M/T), only increases workload for all concerned, as rates may be removed during the M/T filing cycle.

f. This solicitation stands alone and is not influenced by prior practices or procedures. It may be modified only by the Assistant Deputy Chief of Staff for Operations, Transportation Services, by letter or electronic means.

Item 108

Release of Cost Data

Proprietary rate and cost data, submitted by Transportation Service Providers upon request of SDDC, is not releasable under the Freedom of Information Act.

Item 109

Transportation Service Providers are also prohibited from distributing any correspondence dealing with information in conflict with ITGBL program instructions furnished to PPSOs.

Item 110

Sources of Assistance

In the event of problems or questions relative to these instructions, PPSOs should first contact SDDC or designated representative overseas. Problems not resolved at these levels will be elevated to SDDC.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-15

CHAPTER III - ADMINISTRATIVE REQUIREMENTS

Item 300

Rate Filing Prerequisites

Except as provided below or in solicitation letters, a Transportation Service Provider must have satisfactorily completed the following administrative requirements to participate in the rate filing cycle:

a. **Rate Area Approval:** Transportation Service Providers receive rate area approval, by code of service between CONUS and controlled overseas rate areas listed below, for which rates will be submitted. Transportation Service Providers desiring to provide service for intertheater or intratheater shipments must be approved for both origin and destination areas in appropriate codes of service. A Transportation Service Provider must be approved in a given code of service to one or more controlled areas to be eligible to provide such code of service to and from any uncontrolled area. Transportation Service Providers with Code J baggage approval will have their approval automatically extended for Codes 7 and 8. Transportation Service Providers with Code 4 HHG approval will have their approval automatically extended for Code 3, 5, 6, and T. Approval for UB or HHG codes is automatic with the exception of those Transportation Service Providers in CFAC. To be eligible to receive traffic for the entire rate cycle, a Transportation Service Provider must maintain its Transportation Service Provider approval for each code of service throughout the entire period of the cycle. All Transportation Service Providers not previously approved for baggage or HHG to controlled overseas rate areas and for already approved Transportation Service Providers requesting additional approval, the deadline for submission of documentation is 7 months prior to the cycle the Transportation Service Provider intends to begin participation. Timely submission is essential to permit administrative processing. Requests for approval must be supported by any necessary rosters, operating authorities, etc., and documents submitted must be complete and correct. Incomplete applications will be returned to the Transportation Service Provider. Requests may be resubmitted when all supporting documents have been prepared, as required. The controlled rate areas are:

Australia	Iceland	Portugal
Azores, The	Italy	Puerto Rico
Bahrain	Japan-Central	Sardina
Belgium	Japan North	Sicily
Crete	Japan South	Spain
Germany	Korea	Turkey
Guam	Netherlands, The	United Kingdom
Hawaii	Okinawa	(England and Wales)

b. **Letters of Intent (LOIs):**

(1) To participate in international traffic, a Transportation Service Provider must have an accepted LOI listing an agent/agents providing origin and destination services at every overseas PPSO to cover the entire rate area for which rates are filed. For installations covering an area in a neighboring state, the Transportation Service Provider's LOI must indicate whether the service will be for "all" of the PPSO's area or specifically indicate the area to be served. For example, an LOI at JPPSO Ft. Belvoir may indicate "this letter of intent is applicable to your operating area(s), all" or "this letter of intent is applicable to your operating area(s), VA and DC." The second choice excludes MD and WV, also parts of the area of responsibility of the JPPSO. It is the responsibility of the Transportation Service Provider to file and ensure acceptance of LOIs at all installations within the rate area for which a rate is submitted. LOIs will be filed in accordance with the requirements herein and not later than the I/F designated date specified in applicable solicitation letters. LOIs previously filed with, and accepted by, PPSOs remain valid for current and subsequent solicitations to the extent the agent list is current. Transportation Service Providers not
